***A THREE-PEAT FOR CMSA:
CHICAGO PUBLIC SCHOOL'S SQRP REPORT
RANKS LEVEL 1+***

Chicago, IL – (October 23, 2017) – **Chicago Math and Science Academy (CMSA) once again earns a Level 1+ ranking as one of the best schools in Chicago. The ranking comes from the Chicago Public Schools School Quality Rating Policy (SQRP). This marks the third consecutive year that CMSA has earned the highest level ranking among Chicago schools.**

The tradition of academic excellence is well established at CMSA. “Our students like to say that our teachers go above and beyond when it comes to educating them. Our staff sets the bar very high and delivers proven results every year. From our 100% graduation rate and award-winning robotics program to our Project Lead The Way pre-engineering courses, CMSA is at the forefront of creating and maintaining the right balance between a nurturing and academically rigorous environment that allows students to succeed. I could not be prouder of my staff and students,” states Principal Michael Kuran.

Since 2004, it has been the mission of Chicago Math & Science Academy, located in the Rogers Park community, to prepare students for college and the world beyond by offering high-quality, college-prep, STEM-focused education that changes the trajectory of students' lives.

Chicago Math & Science Academy is managed by Concept Schools. Concept Schools is a nonprofit charter school management organization that provides a high-quality, STEM-focused, and college-preparatory education through a network of charter schools while offering exceptional programs, comprehensive services, and opportunities to partner in education.
