***FOUR YEARS IN A ROW:  
CHICAGO MATH AND SCIENCE ACADEMY EARNS HIGHEST CPS  
LEVEL 1+ RANKING***

Chicago, IL – (October 26, 2018) – It is now a tradition: Chicago Math and Science Academy (CMSA) again earns a Level 1+ ranking as one of the best schools in Chicago. The ranking comes from the Chicago Public Schools School Quality Rating Policy (SQRP). This marks the fourth consecutive year that CMSA has earned the highest level ranking among Chicago schools.

The tradition of academic excellence is well established at CMSA. “Our students like to say that it’s hard to fail at CMSA. They feel this because our staff not only sets the bar very high in order to deliver outstanding results, but also goes the extra mile for each of student. CMSA remains at the forefront of creating and maintaining the right balance between a nurturing environment and rigorous academics that allows students to succeed. Our 100% graduation rate and college acceptance rates are a testament to that fact. I could not be prouder of my staff and students,” states Principal Michael Kuran.

Since 2004, it has been the mission of Chicago Math & Science Academy, located in the Rogers Park community, to prepare students for college and the world beyond by offering high-quality, college-prep, STEM-focused education that changes the trajectory of students' lives.

---

Chicago Math & Science Academy is managed by Concept Schools. Concept Schools is a nonprofit charter school management organization that provides a high-quality, STEM-focused, and college-preparatory education through a network of charter schools while offering exceptional programs, comprehensive services, and opportunities to partner in education.
