## ***Chicago Math and Science Academy (CMSA): 8 years of Level 1 or 1+ Rating by Chicago Public Schools***

**(Chicago, IL) – November 13, 2019.** Chicago Math and Science Academy, *Where Excellence Thrives*, continues its tradition of excellence in education with a Level 1 rating from Chicago Public Schools (CPS)'s School Quality Rating Quality Report (SQRP). ***This is the 8<sup>th</sup> year in a row that CMSA has achieved a Level 1 or Level 1+ rating by CPS benchmark report.***

“Our commitment to excellent is embedded in our school culture. When you walk through the building you can see demonstrations of an effective learning community with high expectations. Achieving high marks once again from CPS helps us celebrate our 15<sup>th</sup> anniversary of service to Rogers Park students. Our teachers, our staff, and our families work really hard to make sure that our students succeed year after year,” states Principal Michael Kuran.

Since 2004, it has been the mission of CMSA, located in the Rogers Park community, to prepare students for college and the world beyond by offering high-quality, college-prep, STEM-focused education that changes the trajectory of students' lives. Chicago Math & Science Academy is managed by Concept Schools. Concept Schools is a charter school management organization that manages or operates 31 public charter schools throughout the United States. Our college-prep curriculum is STEM-based, and like any other public school, each school in the Concept network is highly regulated and overseen by their respective school districts and charter authorizers. Schools within the Concept Network are continuously recognized for their excellence in education.
